

Updates

Thank you to the Southington Senior Center for having Dr. Charette come educate the community about Hip Replacements!

We were happy to attend a few events in our community including the Meriden Daffodil Festival and Meriden Senior Center Health Fair!

In May, Dr. Wolf appeared on WFSB's Great Day CT to discuss foot & ankle stability. You can watch her segment [here](#).

**Did you know that we have online booking and our patients are loving it?
"The online booking feature made choosing a doctor and making an appointment quick and easy."
Visit our [website](#) for more information.**

Newsletter

June 2024

"The strength of the team is each individual member. The strength of each member is the team."

Wellness Challenge

Write down 3 things you're thankful for each day. Think of something that surprised you, made you happy, or touched your heart. This habit encourages a positive mindset, helping to shift focus away from negativity and towards appreciation of the present moment.

EMGs

Dr. Abir Rahman is a Physiatrist that joined our practice, doing EMGs on Tuesdays in our Wallingford office!

In-Office Procedures

Dr. Seidel has begun performing in office hand procedures for carpal tunnel, trigger finger, and ganglion cysts.

We take great pride in the exceptional care that our team provides.

"Everyone at Comprehensive Orthopaedics was wonderful! From making the appointment, checking in at the desk, and the consultation with the doctor." 

"My visit went very smoothly. Wait time was minimal and I was evaluated immediately. All staff were professional and efficient. The physician took time to clearly explain results and next steps. Would recommend to family and friends." 

"The doctor and the rest of the staff were very knowledgeable, accommodating and patient oriented. They all went above and beyond expectations."
